- **Lower Product Lead-times** *(greater inventory turns)*
- **Faster New Product Introductions** *(time to market/time to revenue)*
- **Lower Inventories** *(improved cash flow)*
- **Improved On-Time Delivery** *(higher Customer Satisfaction)*
- **Free Supply Chain Resources** *(we help you w/ your outsourcing workload)*

To learn more about what ISC Networks can do to enhance your company's Operations and Supply Chain strategy, please visit www.isc-networks.com. To speak to a representative about your operations and supply chain projects, please call ISC Networks, Inc. at 408-786-1017.

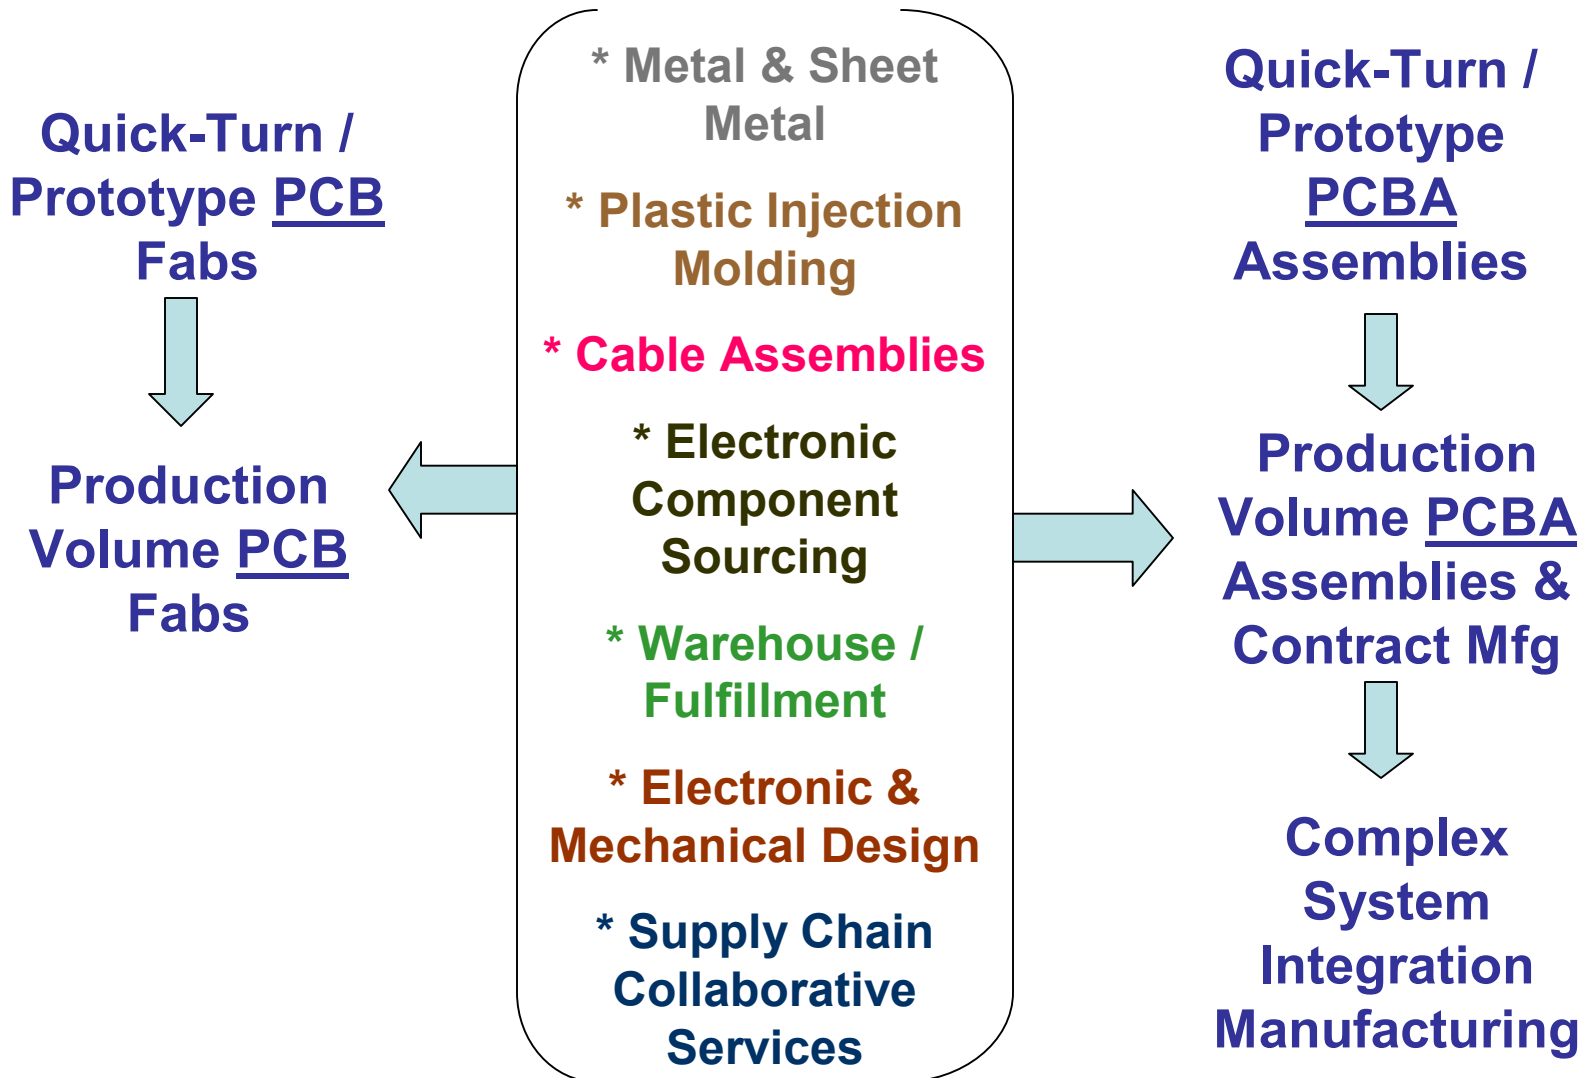

Advantages

- Virtual company (*low overhead = cost savings to customers*)
- Utilize companies & supply chain strategies which have already demonstrated to be effective (*I used these sources with great success while Dir of Operations / Supply Chain*)
- I am a supply chain professional with expertise, not a sales person selling limited options (*28 years Ops experience, high tech industry*)

Sourcing & Mfg Supply “Chains” for Electro-Mechanical Products

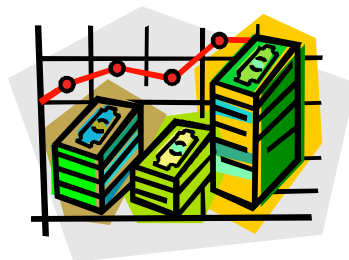

Migration Path Capabilities to Support Customers from Design thru Production

Contributions to your Business
